In Touch

"Our true wealth is the good we do in this world." – Mohammed

When opportunity knocks, will you answer?

An outstanding opportunity has come the way of all outstanding volunteers!

Volunteer Toronto wants to make YOU more well-known. How you ask? By stealing you away from **ASAAP**. But just for a little while.

Volunteer Toronto is revamping its website and wants to have any and all volunteers interested come by for a photo shoot in January! Come out to show the diversity of the Toronto volunteering community. Those

interested, please e-mail ME and I will send you a VERY short form to fill out.

This photo shoot will be taking place on **Wednesday January 16, 2008, from 3:30-7:00**. It will be open, meaning you can drop by when available, and will be needed for 15-30 minutes. It will be happening at the **Volunteer Toronto offices at 344 Bloor St. W suite 404**.

Contact ME TODAY to take part!

Your help WAS here

Thank you thank you thank you to EVERYONE who played a role in **ASAAP's** fundraiser StimulAsian last week! Whether you volunteered with us, or attended and made our audience that much bigger, you helped us raise money for our clients living with HIV/AIDS. Further, our attendance was about 150 which was almost twice what we expected. So thank you once more, and don't forget to be on the lookout for our next fundraiser!

A research opportunity!

Help ASAAP and Ryerson University partner to research HIV Prevention and support for South Asians living with/affected by HIV/AIDS

ASAAP is working on a few studies with the HIV Prevention Lab at Ryerson University, and is looking for volunteers with interests in research on HIV risks, HIV prevention, and support for South Asians living and affected by HIV/AIDS.

There are two options, one with 5 hours/week and one with 10. Either option

will allow the research volunteer to focus on research studies of South Asians. Details will be provided in a separate e-mail. Volunteers who are interested in helping with the HIV Prevention Lab studies of South Asians can contact ME. And since I know you all love supporting our community, I KNOW I'll be overwhelmed with responses.
