Initiatives

Connecting To Care

A support program with an aim to create a space where SAMEIC (South Asian, Middle Eastern, and Indo-Caribbean) community members living and aging with HIV can connect with one another, access services, inform resources and optimize their health.

ELAN:

Empowerment, Love, & Networking

A program fostering health and wellness among self identified South Asian Women living with HIV/AIDS.

More Than Fiction Newsletter

More than Fiction is an anthology series produced by members of our community. It is an engaging narrative that explores navigating living with HIV guided by creative writing, poetry, and photo voice.
